

Our commitment to servicing our customers with quality product at competitive price and on-time delivery is backed by our continued investment in our equipment. Our employees and in our systems . ABIS is a full service molding that a 12 000 square foot facility housing our molding department in-housing mold making , quality control. Warehousing secondary operations and offices , If we find a client's product concept would be too costly to manufacture . We will assist the customer in designing parts that not only can be manufacture but one that can be made cost-effectively from prototype to production. With our extensive experience we are confident . We have the solution to your next injection molding application.

Product Description

Part Name	Automotive Connectors Insert Molding Products
Description	Vehicle Mould
Country of Original	ShenZhen, China (Mainland)

Brand Name	ABIS
Lead Time	20-30 Days

Payment Terms

1. T/T: 40% Deposit,30% upon T1 Sample,30% Balance before shipment
2. L/C: irrevocable 100% L/C at sight.

General Information

Item#	Item	Description
1	Product Name	Automotive Connectors Insert Molding Products
2	Mold base material	S50C, P20.73H8, 718H, H13, NAK80, S136, etc
3	Material of mold core	P20, 718H, 738H, H13, 420, etc
4	Mold cavity	Single or Multi
5	Mould size	Based on sample
6	Mould structure	Automatic knockout, self-lock
7	Product material	Plastic, ABS, PP, PC, TPU, PA66+GF30%, PA66, PMMA, etc
8	Design software	UG,PROE,CAD,SOLIDWORK
9	Shaping Mode	Plastic Injection Mould
10	Mold life	100,000-1,000,000 shot times
11	Lead time	20-30Days
12	Transportation	By sea, by air or by land as you request
13	Package	According to clients requirement
14	OEM service:	YES

Company

Information

ABIS was founded in Shenzhen China, adjacent to Hong Kong, in 1996, has its own factory of 12,000 square meters. With the advanced facilities from Germany, Swiss and Japan, and a highly experienced design and engineering team, ABIS builds multi-cavity molds to exacting tolerances, providing the critical structural foundation for leading manufacturing companies to produce high precision mold.

| 4. | | | Inserting | | Mold | |
| 5. | | | | | Overmolding | |
| 6. | | | Prototype | | Tooling | |
| 7. | | | Mass | | Production | |

ABIS applies advanced software for mold design-Auto CAD, UG, Solid works and ProE etc. So far, ABIS has received the "ISO 9001", "ROHS" green, SGS certificate.

公司简介
 本公司于1992年，在深圳市宝安区沙井镇，创办了深圳市宝安区沙井镇精加工塑料五金厂，专业生产各种塑料五金件，经过多年发展，现已成为一家集研发、生产、销售于一体的现代化企业。公司通过了ISO9001:2008质量管理体系认证，产品远销欧美、日韩、东南亚等地区。公司秉承“诚信、专业、创新、共赢”的经营理念，为客户提供高品质的产品和服务。

 地址：11楼 1101, Room 1101, 308, Mode 1, Tianyuan Industrial Building
 of Houshuo Street No. 100 in Longgang City, Shenzhen Province of China P.R., 518109

Certificate of Registration
 This certificate has been awarded to
Shenzhen ABIS Precision Hardware Plastic Co. Ltd
 Floor 5, Building C, She Bei Li Ying Ke Industrial Park LongDong Community, Longgang Street, Longgang District, Shenzhen City, Guangdong Province, China

in recognition of the organization's Quality Management System which complies with
ISO/TS 16949:2009

The scope of activities covered by this certificate is defined below:
Manufacture of Plastic Parts (Handles) (Excludes Product Design under Clause 7.3)

Certificate Number: 1718020001584501	Date of Issue of Certification Cycle: 02 January 2017	Issue No. 1	Expiry Date: 14 September 2019	IATF No. 010001

QC Control

Mold Making QC main steps

Mould Design Control : Design review checklist before submitting to the customer. We will not start the steel purchasing work until get your written approval on our mold drawing.

Incoming quality control: all steel material and outsourcing standard components will be checked to ensure that they are in accordance with the BOM(QTY and material/components name specified).

In process quality control: all the machining and assembling process is under control, we have QC team to check and supervise the tolerance and processed surface to satisfy the requirements. (Mould Steel Hardness Inspection, Mould Electrodes Inspection, Mould Core and Cavity Steel Dimension Inspection , Mould Pre-Assembly Inspection)

Final quality control: within 3 days the completion of the plastic mold, we will have a thorough check for the main size of the molded plastic sample and mold to ensure that the critical or full dimension (if required) are within tolerance.

Mould Pre-Shipment Final Inspection : Free-fumigation three-plywood case packing; make sure the mold is conformity to the approved mold drawing. The spare components and easily broken components and the electrode (if required) are packaged, as well as the mold drawing and some certificated.

Plastic Molding QC main steps

Vernier caliper measurement is performed by trained operators when the first product is produced on our machine, we check the contour dimension and assembly status (if exist) to identify if any

The molded parts are then inspected again by experienced QA department for the full dimension, especially the critical dimensions set by customer. If quality result was recorded at the same time. Result will be to our QC Supervisor directly. If unqualified dimensions (if exist) are caused by uncontrolled factors or our mistakes and we will take the related actions to improve it.

We will trustily report the T1 result to customer and send T1 samples to customers for checking. Sometimes T1 samples need improvement. If more samples are required by customer at first, we will take actions to improve the mold to make sure the parts have 0 defects. No shrinkage, warpage, flash, streak, air bubble, step line, ejector mark, and dimension within tolerance.

Package inspection: make sure QTY/color and weight are correct.

Packaging & Shipping

Our ABIS Family

- Why choose us?:
1. More than 20-years experience.
 2. ISO9001:2008 certificated.
 3. Competitive price with high quality.
 4. More than 50 machines support to run the business.
 5. Custom R&D program coordination.
 6. Expert technicians.
 8. Diligent and loyal workforce.
 9. Up-to-date software.
 10. International standards, SAY, HASCO, DME, MISUMI, etc
 11. Well-rounded after service.

FAQ

Q:How can you confirm the plastic injection mold you produce is the one we need?

A: we can provide professional mold analysis reports before mold making .

Q:What can we do if we don't have the mold drawing ?

A: you will only provide the actual sample to us then we can help you to make the design injection mold drawings for your confirmation

Q:Can we test the plastic injection mold?

A:after the mold is ok ,we can help you to test the mold for free.

Q:Can you process the die-casting parts of injection mold?

A: We can help to process die-casting parts for small run or mass production.

Q:What about the plastic products samples are wrong?

A: if you are not satisfied with the plastic sample, we can send the sample to you again for free.
